Nagaram and Old Guard Take the Two-Year-Old Events-Caseine Beats the Barrier and Wins in Brive-Gold Van's Steepicchase - Four Favorites Win.

Washington, April 7.-A cold wave caused a falling off in the attendance at Bennings Jockey Club had provided a card of seven races. The track was still heavy near the inner rail, and nearly all of the fields had to no wide in order to secure dry footing. This esulted in much crowding and scrambling, but out of the mix-up emerged four successful favorites. Burns and Baird each rode two winners, while W. L. Maupin captured two purses. Three of the winners were sent to the post by Trainer W. Gaith.

The leading event, which came as the windup to the day's sport, was a handicap at a mile and 100 yards. Trapper and Bobbie Kean were equal favorites, but their performnces were widely different. Trapper, with uller in the saddle, showed much improveent over his previous race, and after leading ment over his previous race, and after leading a greater part of the route he won in a dirve by a head from Bill Curtis, Burns up, who was backed down to 3 to 1 and closed strong. James F. 10 to 1, showed that he was rounding into form by taking third money, a length and a half away. Bobbie Kean, with Shaw on

his back, had little speed and came in last.
"Kansae" Price's Arabo, a 4 to 5 favorite in the first race, at six and a half furlongs, did not run in his best form, even with Fuller working at him, and finished a poor third Mrs. J. Though the youngster had never started, he was made an equal favorite with R. C. Hall's Ambitious at 11 to 5. Burns roade Nagazam with all of his wonted vigor, the geiding showing his heels to the others as soon as the barrier was sprung and coming nome a winner by half a length under a drive. Ambitious, who nailed the place, was rather poorly handled by Baird, and would probably won with the riders reversed. O. L. Kichards's Faraday colt, Old Guard, a 3 to 5 favorite, took the third event, for maiden two-year-old colts, in handy fashion, he was much the best, and Baird was easing him at the wire, where he beat Legerdemain, a to 1, by two and a half lengths. H. T. Griffin's Ratio, also 8 to 1, was an indifferent third. There was no excuse for Bill Daly's Gentian, backed down to 9 to 2.

The wise men evidently overlooked Cascine in the fourth race, for four-year-olds and poward, at seven furlongs, for he went back in the betting to 8 to 1, while Weirdsome and Peter Paul closed equal first choices

He was all out at the end, however, and only beat Weirdsome by three parts of a length, Peter Paul finishing third, four lengths behind. The latter's chances were killed by the sendoff, while Charles Elwood was virtually left at the post.

Gold Van, 8 to 1, was easily the master in the steeplechase, at about two miles. Holman fook him to the front at the mile and a half mark and the old gelding romped home with the money six lengths before Black Death, the 6 to 5 favorite, who in turn had ten lengths over Arius, 11 to 5. The latter chucked it up a half a mile from home, but had no trouble in finishing ahead of Jim Silok, 16 to 5, who pulled up lame.

Little Woods, running in the colors of W. I. Maupin, was practically the unanimous choice for the sixth race at seven furloags, as he was beaten down to even money. He was in front at all stages and was going away at the end, beating Fairbury, 12 to 1, by six lengths. The latter, after a slow beginning, closed gamely and beat Julia M. 30 to 1, a head for the place. Belle Dixon, R hot second choice, was a big disappointment. The summaries:

Japanese Expert Issues Statement, Very few of the bone-breaking and deadly qualities of jiu-jitsu, the Japanese art of wrestling, were in evidence at the Grand Central Palace when Prof. Higashi met George Bothper in a match on last Thursday night. The affair was best three out of five falls, and the American, by capturing three straight, was

By losing Higashi cannot be said to be dis-If anything, his performance was better than Bothner's, because he did all the work and displayed admirable pluck, and in the face of a big handicap in weight and the fact that he was showing before a thoroughly American crowd he showed wonderful self control. It being the first exhibition of its kind in this country, naturally the rules of the match were perplexing. Even the referee, Tim Hurst, made several mistakes, but in view of his ignorance of jiu-jitsu his errors

Bothner acted mainly on the defensive from the start. But Bothner afterward said that he was going against a game of which he knew little and would not take the initiative. depending on some catch as catch can ruse of which he was master for success. After the first fall the Jap became wary of Bothner's leg work, by which the American was enabled to gain all the falls to his credit.

MEMPRIS. April 7.—M. H. Tichenor's Waterside, the heavily played favorite, easily captured the Memphis Club Handicap, the feature of the card at Montgomery Park this afternoon. Although Duke of Kendal led to the stretch, he tired badly and was passed easily. Sidney C. Love finished second and Hands Across third. Bronson, the favorite, captured the first event in a mild drive from the second choice, Dishabille won the second race in a ferce drive with Old England, an outsider. Councilman, odds on favorite, could do no better than third. Sanction, who was rocently beaten a sixteenth of a mile in a race without blinkers, had the necessary equipment this afternoon and romped home an easy winner. Two favorites, three second choices and a long shot won.

Firth Race—Four furlongs—Rustling Silk, 100 (Buchanan), 25 to 1, won; Ostineke, 105 (Boland), 6 to 1, second; French Nun, 100 (Martin), 6 to 2, second; French Nun, 100 (Martin), 6 to 1, second; Alfan, 108 (Barron), 7 to 1, third. Time, 1:43; 11 to 1, second; Rallen, B enabled to gain all the falls to his credit.

Jiu-litsu experts depend for success upon a standing posture. But Bothner was evidently wise to this fact, for he capsized at every opportunity, compelling the Jap to apply his dangerous locks, especially the strangle, if he could, while on the mat. This was a difficult task, for by bringing his head close to his neck Bothner was able to obviate any chance of being choked or put out of commission by a jui-jitsu trick. Throughout the contest Higasan failed to try any bone breaking holds. Once in a while higashi resorted to some out-and-out catch as catch can holds, such as leg and half Nelsons, but George broke them.

The Jap was Bothner's master in strength and endurance. Although at times he labored hard, he never appeared to be winded or distressed. Constantly during the match he chewed gum, but at times showed chagrin when Bothner failed to get up and meet him face to face.

Higashi sprang a sensational trick in the second essay by tossing Bothner clean over his head. He did this twice. They were falls, all right, but did not score, because Bothner was not down the necessary five seconds as the rules of the match called for. In the last fall that the Jap obtained Bothner was dazed, and Higashi might have ended the struggle then and there by getting the strangle. But, thinking that the lail went, he went to his chair and permitted Bothner to recover.

AUTO RACING MATTERS.

No Summer Time Sanctions Till After May 1-More Definitions Needed.

The racing board of the American Automobile Association announced yesterday the granting of a sanction to the Bay State Auto-mobile Association for May 30. There were a number of other applications for sanctions on hand, but it was decided to table all those for dates after May 30 and to hold the dates open until May 1 in order to give every one a chance to file application.
At the same meeting of the racing board

a formal protest was read from the American importers of foreign cars, who object to the plan adopted by the French Automobile club for selecting a team for the Vanderbile

club for selecting a team for the Vanderbilt cup race.

The French club has decided that the five cars that make the best showing in the elimination trials for the Bennett cup race will be privileged to represent France in the race for the Vanderbilt cup. The importers object on the score that this will prevent any French car owned by an American from being entered. The A. A. cannot help matters, however, as it has agreed to leave the method of selecting a team for the race entirely to the French club. The technical committee of the racing board was instructed to consider the question of the qualifications of stock cars for racing and of touring cars "stripped" and to formulate definitions of such machines.

AUTO CLUBHOUSE PLANS. Practical Garage Men Say That a Serious Error Has Been Made.

Although the plans for the new sclubhouse of the Automobile Club of America have not yet been made public, several persons in the trade who have experience in the building of garages have seen the plans and a criticism is going about to the effect that there has been a serious miscalculation in

them.
It was the idea of the club to build a garage capable of accommodating 300 cars, but men who have laid out such buildings and are now storing cars in them say that the garage provided for by the plans will not hold 300 cars and not many more than 100.
The work of tearing down the buildings on the site of the proposed new clubhouse in Fifty-fourth street, between Broadway and Eighth avenue, has been in progress all the week.

MR. COURTLAND H. SMITH'S

Entire Stable of Famous Hunters and Show Horses (18 in number) To be Sold by Public Auction at

Van Tassell & Kearney's Show Ring, 126, 128, 130, 132 East 13th Street (between 3d and 4th Avenues). New York City.

ON SATURDAY, APRIL 8, 1905,

Beginning at 8 P. SM. Ey Electric Light. E. W. KEARNEY - - - - - - - - - - - - Auctioneer.

In offering his stable of hunters at auction, Mr. Courtland H. Smith has only determined to do so after much consideration, deeming it wisses, as he expects to spend some time abroad. All of the horses are not only grand hunters, but faultiess types, which Mr. Smith, as everyone knows, spared no time nor expense to collect. The horses ifully described in catalogue; are so well known to the hunting and slow ring public that it is unnecessary to so into full particulars here; sufficient to say that they are the soundest lot of hunters ever offered to the American hunting contingent, being particularly free from blemishes of any kind, the firing iron never having been used on a single one. They are also free in every way from any vice or bad habits. All have been regularly hunted by Mr. and Mrs. Smith with the Cameron Run Hounds (of which Mr. Smith is M. F. H.) the entire winter, the climate of Virginia being naturally adapted to an open season, and exhibited at the leading horse shows in America during the summer, where His STABLE HAS WON IN THE PAST ELIGHT TEARS NO LESS THAN FIFTEEN HUNDRED RIBBONS. They all have perfect mouths and manners, and can negotiate any description of country, no matter how big and stiff or trappy.

Following are the names of the horses:

GARNETT RIPPLE, JARELAND, CHAPPIE LEE, COL. HAWEINS, LADY GREY, OGUNQUIT, HARRY PATTON, ALGONQUIN, LOY SUTHERLAND, NEW ZEALAND, JUSTICIA, PRIDE OF HAMITON, BO BAR, PALM ROOM, UP-TO-DATE, LONEY HASKELL.

The centre string is pledged for absolute sale, and will be on view at the Mart after Mondar, April S. Illustraud catalogues can be obtained at Van Tassell & Ecarney's office, 130 and 132 East 13th Street.
